

NIDA IRP Fellows Research Lunch

Spring 2014

Fridays, 12:30-1:30, BRC 3C219

4 April – Data Presentations

Ludovic Muller, Ph.D., Structural Biology Unit

Marco Venniro, Pharm.D., Neurobiology of Relapse Section

11 April – Data Presentations

Brandon Selfridge, Ph.D., Drug Design and Synthesis Section

Fuying Li, Ph.D., Drug Design and Synthesis Section

18 April – Exploring Careers Lecture Series

Tianna Hicklin, Ph.D., *Science/AAAS*

“Career Options and Job Resources for Young Scientists”

25 April – Special Presentation

Michael Michaelides, Ph.D., Mount Sinai School of Medicine

“A translational metabolic-cognitive brain interface with implications for obesity and addiction vulnerability”

2 May – Data Presentations

Meredith McHugh, Ph.D., Cognitive Neuroscience and Psychopharmacology Section

Fabio Cruz, Ph.D., Molecular Mechanisms of Behavior Unit

9 May – Special Presentation

Scott Martin, Ph.D., National Center for Advancing Translational Sciences, NIH

“Enabling genome-wide functional genomics screens at the NIH”

16 May – Exploring Careers Lecture Series

Sarah Pope Miksinski, Ph.D., Food and Drug Administration

“From Bench to FDA – Career Development Outside of the Laboratory”

23 May – Memorial Day weekend

30 May – Data Presentations

Heather Wied, B.A., Behavioral Neurophysiology Section

Anton Ilango Micheal, Ph.D., Neurocircuitry of Motivation Section

6 June – Data Presentations

Diana Burk, M.Phil., Neuronal Circuits and Behavior Unit

Yi He, Ph.D., Neuropsychopharmacology Section

13 June – Data Presentations

Mohd Kabir, Ph.D., Drug Design and Synthesis Section

Javier Rubio Gallego, Ph.D., Molecular Mechanisms of Behavior Unit

20 June – Data Presentations

Yuzheng Hu, Ph.D., MR Imaging & Spectroscopy Section
Comfort Boateng, Ph.D., Medicinal Chemistry Section

27 June – Data Presentations

Robyn St. Laurent, B.A., Neurobiology of Relapse Section
Mike McDannald, Ph.D., Behavioral Neurophysiology Section
